Crop Report For the Month of June, 1887.  
by the Commissioner of Agriculture.

(Tennessee Farmer.)

BUREAU OF AGRICULTURE, STATISTICS AND MINES, NASHVILLE, TENN., July 1, 1887.

Full returns have been received from about 550 correspondents representing every county in the State. The correspondents for this month, almost without exception, note the wheat crop (which is now cut and in some places threshed) much better, both in quality and quantity than they had expected. In some counties they note considerable over an average yield of the very best quality of berry.

Some portions of the State report that the weather has been too dry, for corn and cotton, but there is not much ground for complaint of dry weather.

CORN.

The corn crop which promises to be one of the largest for many years is reported as being in splendid state of cultivation and looking fine. In some sections they are needing rain, but a moderate wet July will insure the largest crop for several years.

COTTON.

The cotton crop now being cultivated is exceedingly promising. The dry weather in early spring, gave ample time for farmers to prepare the soil well, and keep the weeds, and grass killed out, and the prospect is good for a fair crop.

POTATOES.

Both the Sweet and Irish potato crops are reported at a little over an average, all over the State.

LIVESTOCK.

The splendid condition of live stock continues, as the farmers report stock almost entirely free from diseases.

OATS.

The oat crop is much better than was reported last month. The rains during the early part of June did much towards reviving this crop which is reported now in some sections of the state, a full crop and not less than 75 per cent. of full crop in any section of the State.

APPLES.

The apple crop will not be more than a third of a crop the State over. Some counties report a full crop, and others a half, all agree that what we have left are the best for years.

PEACHES.

The peach crop will be very short and in most of the counties a failure. A few counties report a half crop, and others a little over.

At this time the farmers of the State are very hopeful of a prosperous year, and the outlook seems to be exceedingly bright for the tillers of the soil.

B. M. HOWE,  
Commissioner.

—years. An accident happened him

—four years ago, the main particulars

—of which he details in this letter:

RICHMOND, VA., April 15th, '87. Gentlemen—Four years ago a blow on my left shin cracked the bone. Since that I have had trouble nearly all the time with erysipelas in that leg. The least little thing would cause inflammation and breaking out. From time to time I have driven off the inflammation by short courses of S. S. S.

Four weeks ago Saturday night the leg was broken out and covered with festering blisters. I took four bottles of S. S. S. and now the leg is entirely well, the skin being as smooth and fair as a woman's.

PRESIDENT and Mrs. Cleveland are receiving quite an ovation all along the line of their trip through the State of New York.

THE Tennessee press-gang have been having a high old time on top of Roan mountain in North Carolina.

MR. J. HARVEY MATHES, of Memphis, was elected president of the Tennessee Press Association, and J. B. Rison, of Paris and C. H. Slack, of Bristol vice-presidents. Pitkin C. Wright, of Nashville, secretary and W. A. Wade, of Milan, treasurer.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Owen & Moore's Drug Store as their giving away to their customers of so many free bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

A TERRIBLE accident occurred within a mile of Martin, Tenn., last Saturday. A little seven year old son of Mr. Thomas fell from a wagon, and the vehicle, containing 2,000 pounds of wheat, passed over the little boy's body from the effects of which he died in a few minutes. His father was nearly crazed with grief over the occurrence.

CHANCELLER ALLISON, a few days ago, held in Nashville, that a remainderman was not bound and was not liable to pay the taxes that the tenant for life should pay. As this decision was deliberately and carefully made, after having been ably and elaborately argued, it is likely to pass into a precedent for the government of future cases.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want in an alternative that will purify your blood, start healthy action of Liver and kidneys, restore your vitality and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Owen & Moore's Drug store.

DUBLIN, July 15.—The Cork Municipal Council has resolved to present Hon. Patrick A. Collins of Boston, with the freedom of the city, as a reward for his services to the cause of Ireland.—*Ex.*

THIS, of course, includes free rations of whisky, and the Hon. Pat will get on a big bender, and paint the town red in carrying out the spirit of the invitation.

Now that Jacob Sharp has been sentenced, and has enjoyed a good night's sleep, it is to be hoped that the newspapers will let up a while on this Jacob Sharp business.

Trouble Ahead.

When the appetite fails, and sleep grows restless and unrefreshing, there is trouble ahead. The digestive organs, when healthy, crave food, the nervous system, when vigorous and tranquil, gives its possessor no uneasiness at night. A tonic, to be effective, should not be a mere appetizer, nor the nerves to be strengthened and soothed by the unaided action of a sedative or a narcotic. What is required is a medicine with invigorates the stomach, and promotes assimilation of food by the system, by which means the nervous system, as well as other parts of the physical organism, are strengthened.

These are the effects of Hostetter's Stomach Bitters, a medicine whose reputation is founded firmly in public confidence, and which physicians commend for its tonic, anti-bilious and other properties. It is used with the best results in fever and ague, rheumatism, kidney and uterine weakness, and other maladies.
